Circular No. CBIS/2023-24/0011

Date: 14 July 2023

Pre-Primary

Subject: RAIN WALK & RAIN DAY ACTIVITIES

Dear Parents,

As we go from strength to strength as a school with your support, we bring for our young learners yet another activity, 'The Rain Walk' and associated 'Rain Day Activities', as a part of 'learning beyond the four walls'. Students accompanied by their teachers, will walk around the school premises to experience sound and smell of rain. Young minds are curious by nature, and this activity gives them an opportunity to observe their surroundings in the monsoon season. A plethora of learning objectives are achieved in the natural surroundings such as the function of sense organs, observing rain clouds, smell of mud, rain and leaves, the feel of rain drops, collecting twigs, leaves and spotting frogs and earthworms.

You are requested to send the following items to school on Monday, 17 July 2023, for the above activity.

- Rain Coat (preferably both top and pant wear)
- A pair of extra clothing
- A small towel, comb

Please note:

4. **Label ALL items on the inside** so that the writing does not come off
5. Pack all items in a water resistant bag or pouch and label the pouch too.
6. The items will be kept in school for three to four days till the completion of the above activity.

Regards

Mrs. Shibani Das
Principal, CBIS
